Professional Summary

Aspiring Software Developer and Data Science undergraduate with a foundation in React.js, Python, API Integration, and Machine Learning concepts. Passionate about building AI-powered web applications and solving real-world problems through data-driven solutions. Quick learner with strong problem-solving skills and hands-on experience through a Frontend Development Internship.

Education

B.Tech in Computer Science and Engineering (Data Science)	2023 – 2027
Rajeev Gandhi Memorial College of Engineering and Technology, Nandyal	CGPA: 8.35

Technical Skills

Programming Languages: Python
Machine Learning
Frontend: HTML5, CSS3, React.js
Backend: Python, API Integration
Tools: Git, GitHub, VS Code, Google Colab, Jupyter Notebook

Projects

AI Resume Builder & ATS Analyzer
Technologies Used: React.js, HTML5, CSS3, JavaScript, Python, REST APIs, Git, GitHub, Generative AI Tools
Key Highlights:

- Developed a responsive AI-powered web application for creating professional resumes.
- Implemented resume upload with AI-assisted resume analysis and ATS score evaluation.
- Integrated frontend with backend APIs for seamless data processing.
- Provided personalized suggestions to improve resume quality and ATS compatibility.
- Leveraged Generative AI tools for development, debugging, and UI enhancement.

Internship Experience

Frontend Development Intern | Brillion AI Technologies
Duration: May 2026- Present

- Developed responsive user interfaces using React.js.
- Integrated frontend applications with backend APIs.
- Improved UI/UX and application performance.
- Used Git and GitHub for version control and collaboration.
- Leveraged AI tools for faster development and debugging.

Certifications

- NPTEL – Soft Skills
- NPTEL – Introduction to Internet of Things
- NPTEL – Business Intelligence Analytics
